

# MATÍAS AGUSTÍN BENÍTEZ

**FULL-STACK ENGINEER | VUE 3 • REACT • NODE.JS • AI WORKFLOWS**

Relocating to Auckland | +54 11 5829 8399 | agustinbenitez81@gmail.com

linkedin.com/in/matias-benitez81 | github.com/fatso1000

**New Zealand Working Holiday Visa holder | Available from 16 September 2026**

## PROFILE

Full-stack engineer with 4+ years of experience delivering web and mobile products with Vue 3, React, Node.js and TypeScript, backed by strong front-end depth. Experienced in REST API integration, AI-enabled product workflows, data-rich dashboards, TDD and CI/CD. Uses AI-assisted development tools across implementation, debugging and delivery. Relocating to Auckland and seeking full-stack, software engineering or AI-enabled product roles.

## TECHNICAL SKILLS

**Full-stack:** Vue 3, React, Angular, React Native, Node.js, TypeScript, JavaScript (ES6+), HTML5, CSS3/Sass

**APIs & platforms:** REST APIs, client-server integration, SAP BTP

**AI workflow:** Codex, Claude, OpenCode, Ollama, MiniMax; AI-assisted implementation and debugging

**Engineering:** TDD, CI/CD, Git, GitHub, GitLab, performance optimisation, cross-browser testing, Agile/Scrum

## PROFESSIONAL EXPERIENCE

### Front-End Developer | Growlat | Feb 2025 – Sep 2026

- Lead front-end architecture and delivery for Growlat, a B2B marketing platform built with Vue 3 and modern state management.
- Build data-rich workflows and dashboards supporting AI-driven insights, lead management and campaign analysis.
- Improve responsive behaviour, performance and cross-browser consistency across desktop and mobile.
- Integrate product features with REST APIs and collaborate across product, design and engineering in an Agile environment.

### Front-End Developer | Dream Venture Studio | Mar 2024 – Jan 2025

- Refactored a large-scale EdTech web and mobile platform for the Indian market using React and React Native.
- Applied TDD practices to strengthen maintainability and reduce regressions.
- Improved custom CI/CD pipelines to make deployments faster and more reliable.

### Front-End Developer | Mobeats | Apr 2021 – Jun 2023

- Developed and maintained high-traffic applications, including Enfoke and Zecatdifapro.
- Delivered full-stack and cross-platform features using React, Angular, Vue, React Native and Node.js for varied client requirements.
- Performed systematic testing and debugging to maintain responsive, cross-browser behaviour.

## EDUCATION & CERTIFICATION

**Programming Technician | Escuela de Educación Técnica N.º 4, Berazategui, Argentina | 2020**

**SAP BTP Developer Certification | Accenture | 2023**
